Subject Index, Volume 12

Herbicides and weeds are indexed only under common names (Weeds 12:000–000) where such designations have been established. Where they have not been established, the chemical name of the heribcide is used, and the Latin name of the weed is given. Numbers in names and such indicators as *s*, *sec*, C^{14}, etc., are ignored in indexing. This is changed from some earlier indexes, but is being done to conform with the practice of Chemical Abstracts.

Atrazine, effect on sorghum yields ... 211
Atrazine, inactivation in the field ... 33
Atrazine, in sugar cane ... 215
Atrazine, metabolism ... 53
Atrazine, mode of action in corn ... 49
Atrazine, response of corn inbreds ... 60

B

Beans, irrigated field, competition with annual weeds ... 206
Bindweed, field, reaction of strains to 2,4-D ... 57
Bioassay methods for 4-amino-3,5,6-trichloropicolinic acid ... 232
Bluegrass, Kentucky, herbicides for nimblewill in ... 317
Book review ... 319
Borreria verticillata, control ... 146
Business meeting, WSA, minutes ... 320

C

Canada, National Weed Committee, officers and dates of meeting ... 150, 333
Cane, sugar, herbicides in Hawaiian ... 215
Cattail, common, life history ... 184
Chlorella, kinetics of inhibition by herbicides ... 284
Chlorophyll formation in *Euglena* as herbicide test ... 234
Combinations, herbicides and insecticides, effect on cotton ... 288
Committee reports, WSA ... 320, 328
Competition, corn with pigweed ... 126
Competition, field beans and annual weeds ... 206
Competition, quackgrass with oats and alfalfa, factors in ... 222

PAGE

Coontail, growth under red light ... 312
Corn, competition with pigweed ... 126
Corn, EPTC injury, effect depth incorporation ... 315
Corn, inbreds, response to simazine and atrazine ... 60, 64
Corn, mode of action of triazines ... 49
Corn, mutant with altered tolerance to atrazine ... 27
Corn, production, preemergence herbicides ... 131
Corn, tissue, effects of amitrole ... 310
Corn, witchweed control with herbicides in ... 37
Cotton, effect of combinations of herbicides and insecticides ... 288
Cotton, translocation in ... 194
Crabgrass herbicides, effect on seedling turfgrasses ... 97
Cultivation, dryland sorghum ... 307
Cultural practices, effect on sorghum yields ... 209

D

2,4-D esters, amount in air in eastern Washington ... 280
2,4-D formation in 4-(2,4-DB)-treated plants ... 147
2,4-D, translocation and metabolism in jimsonweed ... 180
Dalapon, on Johnsongrass selections ... 220
Dates of meeting, WSA and weed conferences ... 150, 333
Decarboxylation of phenoxyacetic acid herbicides ... 14
Desorption of herbicides by soil ... 120
Dicamba, movement in soils ... 112
Dichlobenil as aquatic herbicide ... 267
Diphenamid, movement in soils ... 112
Diphenamid, persistence in tobacco soils ... 313
Diquat, mode of action and metabolism ... 259
Diuron in sugar cane ... 215
Dodder, germination, related to temperature ... 45
Dormancy, seed, in velvetleaf ... 171
Dormancy, western ironweed and leafy spurge ... 238
Duckweed, growth under red light ... 312

E

Elm, winged, seed germination ... 277
EPTC, air movement and persistence in soil ... 92
EPTC in alfalfa, uptake, translocation, and fate ... 269
EPTC injury to corn, effect of depth incorporation ... 365
Euglena, chlorophyll formation in, as test for herbicides ... 234
Extracts, quackgrass, effect on oats and alfalfa ... 222

F

Fallow land, aerial application of herbicides ... 117
Fluorescent dye as tracer, penetration studies ... 301
Fruits, small, non-cultivation systems for ... 245

G

Germination, of dodder, influenced by temperature ... 45
Growth regulators, effect on garden pea root tips ... 272
Granular herbicides. See herbicides, granulated

H

Hawaiian sugar cane plantations, herbicides ... 215
Henbane, black, ecology ... 148
Herbicidal effects, relation to stomatal penetration ... 301
Herbicide entry, enhancement by surfactants ... 251
Herbicides, crabgrass, effect on seedling turfgrasses ... 97
Herbicides and insecticides, combinations, effect on cotton ... 288
Herbicides, effect on glucose in garden pea roots ... 272
Herbicides, for aerial chemical fallow ... 117
Herbicides, granular, applicator ... 58
Herbicides, granular subaqueous release ... 69
Herbicides, influence of environment on response ... 142
Herbicides, kinetics of *Chlorella* inhibitions ... 184
Herbicides, movement in soil, varying amounts of water ... 101
Herbicides on dryland sorghum ... 307
Herbicides, preemergence, effect of wind on performance ... 236
Herbicides, preemergence, in corn production ... 131
Herbicides, root reserves and susceptibility to ... 299
Herbicides, to control annual weeds in sorghum ... 77
Herbicides, to control witchweed in corn ... 37
Hoary cress, morphology and herbicide susceptibility ... 19
Honorary members, 1964 ... 241
Host specificity of leaf-feeding insects ... 25
